

The SolaRaft-QDB™ is the most powerful and efficient ultrasound system in the world!

This complete system includes:

- ☺ 180 watt Solar Panel system
- ☺ Single Quattro-DB® ultrasound unit
- ☺ Backup rechargeable batteries
- ☺ Navigation lights
- ☺ Bird deterrent system

The world patented **Quattro-DB®** is a single device with a **360°** algae kill-range of over **120 acres**; the largest of any ultrasound unit!

The **SolaRaft-QDB™** is perfect for large drinking water and recreational lakes, reservoirs, large irrigation basins, and those remote areas where electric is not an option.
